

Free access to BMJ Best Practice

BMJ Best Practice supports your clinical decisions by offering quick and easy access to reliable information for you and your patients. You can:

- easily follow the patient consultation format of diagnosis, prognosis, treatment and prevention
- consult the App whilst talking to patients
- find award-winning Patient Leaflets
- save time by going direct to clinical evidence summaries – signed off by the British Medical Association
- link to guidelines & Cochrane Clinical Answers
- create CME/CPD certificates
- and more...

[Get started today!](#) Sign up via your Trust intranet home page. You can also access BMJ Best Practice using your [OpenAthens](#) password. North Cumbria [Library staff](#) are happy to help.
